Make Bothwell a Better Place to Live, Work and Visit

Bothwell Futures

Community Trust registered as Two Tier Charity in June 2021

During COVID worked with the Community to develop a 20 Year Plan

No focal point for the community.

For some, a feeling of non-inclusiveness/split in the village creates community challenges.

Lack of a plan to bring a number of successful activity groups together

Bothwell hasn't "sweated it Assets"

Our Approach

To share same vision and objectives (not always 😊) but residents in a community can have vastly different aspirations.

Build a strong working team with complementary attributes and skills

Local engagement and inclusiveness is crucial

Value for the Community
vs Risk

Our Success is completely dependent on a strong volunteer base and effort.

Align our Strategies and goals with local, national government aspirations

VASLan Support

- Proactive Guidance & Mentoring especially in early stages
- Signposting that was greatly needed
- Access to Training etc
- Funding

We were new to Social Enterprise so their help and support was crucial

Thank you!
